Abstract

This is sample format of the one-page abstract for the first round review of APAC 2023. The main text of the abstract should be written in English. The length of abstract is within single page. The abstract must include the title of the paper, author(s), affiliation(s), address, e-mail address, and article text. In the list of author names, please put the super script, *, to indicate the corresponding author. Two-byte characters such as Japanese, Chinese, Korean, etc. fonts cannot be used. The paper should report original, previously unpublished work. If necessary, equations can be added in a separate line like this:

$$\frac{\partial u}{\partial t} + u \frac{\partial u}{\partial x} + v \frac{\partial u}{\partial y} + w \frac{\partial u}{\partial z} = -\frac{1}{\rho} \frac{\partial p}{\partial x} + A_h \left(\frac{\partial^2 u}{\partial x^2} + \frac{\partial^2 u}{\partial y^2} + \frac{\partial^2 u}{\partial z^2} \right) \quad (1)$$

No figures can be added for the abstract. If necessary, reference can be added as shown in this page. Abstract should be submitted in pdf form through the on-line abstract submission site, announced at the web page of APAC 2023.
